

# STOP THE BLEED®

JUNE 15, 2024

# RSVP TODAY

Stop the Bleed is a national program that focuses on providing first responders and civilian laypersons with basic, life-saving skills to stop uncontrolled bleeding in emergency situations. The goal of Stop the Bleed is to provide a comprehensive and sustainable education and information program targeted to civilians that directly impacts lives saved.

Vermont's Medical Reserve Corps is offering two Stop the Bleed trainings in conjunction with the Vermont Healthcare Coalition, EMS, & Preparedness Conference. Sessions are offered to clinical and non-clinical individuals, and open to conference attendees, their friends and families, and the community. Conference registration is NOT required to participate. Stop the Bleed training is limited to participants age 14 and up. Reserve your spot by clicking or scanning the QR Code below.
